The News.

The President, Saturday, sent into the House, in answer to a request of that body for information, voluminous documents in reference to the Utah expedition. A synopsis of the report will be found in our Washington dispatches. Horace Greely was examined before the Investigating Committee, relative to the Tariff question, told what he knew, paid the Committee a compliment, and was discharged.

The Democratic Convention, in session in Hartford, Conn., voted down the Douglas resolutions, and sustained the Administration.

The steamer *Moses Taylor*, from California, is in. She brings $1,600,000 in gold. News unimportant.

The *America*, now over due 16 days, had not been signaled at Halifax at noon Saturday.

The Governor of Florida is calling for volunteers, preparatory to a resumption of the Indian war in the everglades of that State.

The examination of Taylor, charged with having set fire to the Pacific Hotel, in St. Louis, continues, but nothing has, as yet, been elicited to substantiate the charge against him.

Eastern markets without activity. Our weekly review of home markets and money market will be found elsewhere.

The semi-monthly list of letters, remaining in the Milwaukee Post Office, is advertised this morning.

Our State Legislature was in session on Saturday, when the usual amount of business was gone through with. A resolution was passed in the Senate, that the Investigating Committee repair to this city, hold sessions and take testimony.

Destructive Fire at Stevens Point.

A very destructive fire took place at Stevens Point on Monday last. Through the politeness of W. C. Wells Esq., we have been permitted to copy the following extract of a letter received by him from his partner, Geo. W. Green, from that place:

"The village was mostly burnt up on the 22d inst. Royce's building took fire at 4 o'clock and at 6 everything in the square was a complete ruin. (Royce's Crowley's, the meat market, Curtis' store, and Miner's Row, Clement's store, Grisler's and Perkins' House in the rear of Clement's store.) Royce was drying lumber in the building which was the cause of the fire. Most of the things were got out and carried into the street, and there took fire and burnt up. There was a strong west wind at the time, and large cinders were carried as far as the Loyd House.—Dr. Morrison's house caught fire, but he was on the spot and put it out."

Mr. Wells informs us that the district burnt includes the best part of the place, taking in eight or nine stores, two dwelling houses and a meat market. He estimates that the loss, exclusive of goods, cannot be less than $30,000.—Many of the buildings burnt are of the very best class. The loss is a very severe one to this young and thriving town.—*Madison Journal.*

THE FIRE AT STEVENS' POINT.—The *Pinery* gives the following list of losses by the destructive fire at Stevens' Point on Tuesday last:

Mr. Royce, loss of his building and goods estimated at $7,500.

Mr. Kuner, store building, occupied by Giesler, loss $400.

Mr. Giesler, stock of Groceries, loss $1,500.

Mr. Perkins dwelling house, $1,000.

Mr. Crowley, stock of Liquors and Groceries, $1,000.

Messrs. Dowd & Rogers, Butchers, $,1000.

Mr. Charles Curtis—new building, loss $2,500.

Mr. Doran buildings, $1,000.

Mr. Clements, store, store-house and goods, $3,000.

Messrs. Stiles & Trace, grocers, $8,000.

Mrs. Brown, milliner, $100.

Mr. Waight, jeweller, $300.

Mr. Miner, block of buildings, $2,000.

Messrs. Cone & Wallsworth, provision merchants, loss $300.

Total loss, $24,000.

On the whole, not a dollar of insurance!!

Speech of the Governor General of Canada.

TORONTO, C. W., Feb. 25.

The Governor General of Canada, delivered his opening speech to day. He alludes to the Indian rebellion, and anticipates the success of British arms, and the speedy re-establishment of British rule in India. He congratulates the country on the prudence of our commercial men, and the good position of the banks. Recommends commercial legislation and the expediency of assimilating the commercial law of Upper and Lower Canada. Recommends the consideration of the law of insolvency and imprisonment for debt, and fraudulent assignments and preferences. Gives notice of a measure amending the whole system of the management of public lands; recommends attention to the fisheries; congratulates the country on the success of the Canadian ocean steamers, and the establishment of a weekly line next summer; recommends notice to the increasing value of lake commerce and trade with Chicago and the western States; says a correspondence has taken place between the Imperial Governments of Nova Scotia and New Brunswick, with reference to an intercolonial railway and military road to Halifax; confidentially anticipates the successful and early completion of the Grand Trunk Railway, without further provincial aid; gives notice of a correspondence relative to the Hudson Bay Territory and seat of Government, which is laid before the House.

FRIGHTFUL DEPOPULATION OF OXFORD PRECINCT.—Oxford, last October, polled, according to the returns from that election precinct, upwards of 1,600 votes. On the 21st of December following, it was able to poll only 1,266 votes.—On the 4th of January the number had fallen to 738. The census of the entire population of that election precinct, taken under an act of the Legislative Assembly, shows that on the middle of January last there were but *forty-two* voters all told, residing there. One of three things must be evident; 1st. That there has been more mortality at that place, during the last four and a half months, than at any other place in the world; or, 2d. That the emigration from that point has been unprecedented; or, 3d. That the returns certified to by *Batt Jones* were false and stimulated, as Gov. Walker and Secretary Stanton claimed.—*Kansas Herald of Freedom.*

COOL, EVEN FOR WINTER.—The *Pennsylvanian* (Mr. Buchanan's organ) Washington correspondence has the following:—

Mr. Douglas having abandoned the Democratic party, and thrown himself into the arms of Republicanism and fanaticism, it is becoming a duty for the friends of the time-honored organization of Democracy to treat him as an enemy.

MILWAUKEE AND WATERTOWN R. R.—On Saturday last the officers of the Madison, Fond du Lac and Michigan R. R. Company took possession of the Milwaukee and Watertown Rail Road, under their deed of sale from the La Crosse and Milwaukee R. R. Company. The trains will hereafter be run and the business of the road conducted by the officers and agents of the new Company.

MARINE DEPARTURES.—The schooners *A. P. Dutton* and *Harvest* left this port on Saturday morning, the *Dutton* for Chicago, and the *Harvest* for Sheboygan. The latter takes a cargo of merchandize of various descriptions.

THE PACIFIC HOTEL CALAMITY.

Conspiracy, Arson and Murder—The Suspected Murderer and Incendiary Arrested.

From the St. Louis News, of Feb 25th.

About every citizen of St. Louis has, no doubt, had strong suspicions that the Pacific Hotel disaster, was the result of the most diabolical incendiarism, and circumstances are now being developed, which tend to confirm that suspicion beyond the possibility of a doubt. Ever since the event, our very efficient and sagacious Superintendent of Fires, Capt. J. D. D. Couzins, has been conducting an examination into the cause, which bids fair to be crowned with the most complete success.

It appears that Mr. Doane, one of the unfortunates who was supposed to have lost his life by the fire, and whose remains were recovered from the ruins, retired to bed about ten o'clock, in the room adjoining that usually occupied by a man named Charles L. Taylor, *alias* Sanders, and separated from it by a board petition, reaching only part of the way to the ceiling. About one o'clock on the morning of the fire, the watchman of the Pacific Hotel met Taylor in the street, and, in conversation with him, Taylor stated that Doane had $4000 in his room with him.

At two o'clock the same morning, Taylor went to said Hotel, and went to bed. At a quarter past three o'clock, he went to the Townsley House and took a bed for the night and slept there. *He had no boots on at the time.* In the morning the bed in which he slept was found saturated with blood, but no wound was on the person of Taylor. The room at the Pacific Hotel occupied by Doane was in a part of the building affording the best chance for his escape had he been alive. When his remains were recovered, they were upon the bed on which he had slept, and it was saturated with blood. There were other unmistakable evidences that he had been murdered.

Taking all these circumstances into consideration, suspicion rested so strongly upon Taylor, that he was arrested on the charge of arson and murder.

Dr. D. W. Straper, the landlord of the hotel, was its reputed proprietor, but it now appears that he had not a dollar of interest in it; but that it belonged to persons with whom the Doctor was at feud. He, also, has therefore been arrested on the charge of conspiracy with Taylor in the preparation of this demoniacal act.

An investigation of the affair was to have taken place before Justice Herckenwrath this morning, but to give the accused an opportunity to consult with their counsel, has been continued until to-morrow morning at nine o'clock. In the meantime Taylor is committed to jail, and Dr. Strader is detained under surveillance. The suspicion against him is very slight, and the investigation to-morrow may dissipate it entirely. His arrest was more on the ground of *possibility* than *probability*.

Taylor has been about St. Louis ocasionally for a long time, and a few weeks ago was clerk for Chouteau & Barlow. He was also, at one time, Assistant City Engineer, as we are informed. It is also reported, on pretty good authority that he had been convicted of a felony in California, and had served a term in the chain gang at San Francisco.

A few months ago, he was arrested for an extensive robbery at the City Hotel in this city, but was discharged on account of the man who was robbed not remaining to prosecute. He was so alarmed, that he fled the city a few minutes after the robbery.

Taylor is a good sized, good-looking man, and somewhat noted for his reckless dissipation.—Since his return to the city, he has been known by the name of Sanders only, but we learn, has several aliases, one of which is Sanders Taylor.

Charles Waldrup, the watchman of the Pacific Hotel, has also been arrested, and we learn is detained as a witness, to prevent him from being bought off or sequestrated by the guilty parties. We will to-morrow give all the particulars of the affair that may be developed previous to our going to press.

Mr. Elihu Hayes died at an early hour yesterday morning, at the Sisters' Hospital, of the injuries he received at the late disaster on Seventh Street. He occupied room No. 7 of the hotel, on the third floor, and leaped to the ground on Poplar St. breaking a thigh and severely wounding his head. From the first, his recovery has scarcely been anticipated. His afflicted wife arrived last evening from Wisconsin.

Mr. James F. Geary, late local editor for the St. Louis *Leader*, also died at 3½ A. M. yesterday. His injuries were chiefly received in consequence of returning to his room—No. 10 on the third floor of the hotel—to rescue his little daughter. Having previously dragged his wife, through the suffocating smoke which had prostrated her, to a place of safety, he rushed thro' the fire to his daughter Florence. Finding it impossible to return as he came, he threw a mattrass from his window which fronted on Seventh street, to the balcony at the second story, and dropped her upon it in safety. In the attempt to descend by a ladder, his injuries overcame him, and he fell to the cellar beneath, whence he was then extricated. Poor Geary! The promptings of his paternal heart procured his death, he saved the life of his beloved and lovely child by the sacrifice of his own.

It was believed that Mr. Geary would recover, but he appears to have sustained internal and concealed injuries, which have at length proved fatal.

His funeral is deferred to await the arrival of his brother Joseph, from Pottsville, Pa.—*Democrat, 25th.*

DEBATE.—The Young Men's Debating Club hold a meeting this evening, March 1st, in the lecture room of the First Baptist Church, corner of Wisconsin and Milwaukee streets. The subject selected for discussion is, "Ought Congress to admit Kansas with the Lecompton Constitution." This being a subject which at the present time interests all, the public are respectfully invited to attend. We understand there are several good speakers connected with this association, and as this is a question which is calculated to bring out all their strength, we feel safe in asserting that this will be *the* debate of the season. Admission free to all. The doors will be open at 7 and the debate will commence at 7½ P. M. Go early if you wish to secure seats.

MASQUERADE BALL FOR THE BENEFIT OF THE PROTESTANT ORPHANS.—We learn that the managers of the "Old English Parties" have resolved to close up the season's parties by a grand masquerade ball at the Light Guard Armory on the 11th of March, the proceeds of which are to be devoted to the benefit of the Protestant Orphan Asylum. These parties have been among the most social and agreeable dancing parties gotten up in our city, and no doubt the closing *bal masque* will be a fine affair. The benevolent object will certainly draw a large attendance, but the number of tickets sold will be limited to correspond with the dimensions of the hall. The price of admission tickets will be one dollar.

THE REFORMERS.—The proceedings of the Reformers of the Sixth Ward, published in Saturday's *Sentinel*, were inadvertently headed "Democratic Reform Meeting?" We are informed by some of the officers that as this Reform movement appeals alike to all parties, they do not assume either a "Democratic" or "Republican" title, but are known simply as "Reformers."

POLICE COURT—Saturday.—R. Corning was fined $1 for fast driving on a bridge. Mary Mahoning for being drunk and noisy, was fined $5 and costs. Mary Ann Harrison was sentenced to three months imprisonment for drunkenness. Thomas Murray was fined $5 for being drunk.

THE LEAVES OF THE TEA PLANT gathered in early spring, are by far the best. As the season advances, the crop becomes larger, but the quality comparitively valueless! M. & P. have just received direct from the East, a choice supply of New Season's Tea. For richness, strength and choice flavor, they exceed the sorts generally sold.

CIRCUIT COURT—JUDGE MCARTHUR PRESIDING—Feb. 27th,—In the case of the State against Jared Thompson, Jr., charged with an assault with intent to maim upon Daniel Razee, in the town of Lake, on the 27th ult., the jury after being out 18 hours, brought in a verdict of not guilty. This was as we had anticipated, and all unprejudiced persons who have learned the circumstances will no doubt approve of this verdict.

The case of the State against Wm. A. Webber, charged with bastardy, was tried and the defendant found not guilty of the charge.

The case of the State against Horatio Mains, indicted for larceny, was next tried, and the defendant found guilty and sentenced to one year's imprisonment in the State Prison.

The case of the State against Patrick Regan, David O'Brien, and Thomas Hannegan, indicted for hauling away wood without authority, or in other words stealing it, next came up. The defendants were found guilty, and sentenced to pay a fine of $10 each and costs.

Otis N. Cole, who had been arrested for having a hand in stealing an overcoat from the office of Lawyer Arnold, in connection with C. W. Mains, and John Newman, who were found guilty and sentenced on Friday, was brought into court to hear his sentence. Cole plead guilty when arraigned some time since, but the others plead not guilty. To many of our readers, Cole is known as a man who once occupied a high position in the community. He was once a member of our State Legislature, an active and respectable citizen, but intemperance that prolific source of crime, brought him down from the legislative halls to the felon's cell. When asked what he had to say for himself before sentence of the law should be pronounced upon him, he related the circumstances which led to his committing the offence, and spoke of his unfortunate condition, and hoped the court would not be more severe upon him than public justice required. The Judge, before pronouncing sentence upon him, alluded to Cole's previous offence, and the light punishment to which he had then been sentenced, in consideration of the representations and hopes of his numerous friends, that he would reform and lead a better life, and said that he (the judge) was greatly disappointed at his not having taken the advice of his friends, and that he must now sentence him to imprisonment for a length of time which he considered would be necessary to work the required reform in his habits. His honor declared that Cole was the first personal acquaintance whom he had ever yet been called to pronounce sentence upon, which made the duty still more disagreeable; but he felt that justice to the prisoner, if nothing more, required that he should be sentenced to the State Prison for one year, with one day's solitary confinement, and the balance at hard labor.

The clerk, Frederick Bausech, who had been indicted for embezzlement, was also brought into Court with Cole to hear his sentence. He had nothing to say for himself. The judge remarked that a number of respectable citizens had represented to him that Bausech had always borne an excellent reputation previous to the offence for which he was now about to be sentenced, and that he had taken this into consideration in pronouncing his sentence, which would be one year's imprisonment in the State Prison.

The petit jury was then discharged for the term, and the Court adjourned at 6 o'clock till this morning, when motions will be in order before the court.

CONSISTENCY.—In speaking of the Police Court proceedings on Saturday, the *News* says:

"The hard times appear to affect the business of this Court quite as much as other branches of trade."

This, no doubt, is the case, but the *News* cannot have forgotten how it, with assumed indignation pitched into the *Sentinel* a short time since for making a similar remark, and how it made itself ridiculous day after day, by keeping up its absurd charge that we sought to depreciate the morality of Milwaukee in the estimation of the public. The *News*, forgetting its pretended interest for the good name of Milwaukee, now turns square around, and makes use of the very same expression, in substance—and no doubt without malicious intent—for which it so lately abused the *Sentinel* with such malignant pertinacity. Consistency is truly a jewel.

ESCAPED THIEF CAUGHT.—On Saturday afternoon, policemen McCarty and Hannon, captured a thief in the Third Ward, who broke jail some three weeks ago. The robber's name is Henry Cuttle and the offence for which he had been imprisoned was stealing a gold watch and overcoat. The police have been on the look out for him since he escaped. The officers had a description of him, and by chance met him in a grocery in the Third Ward. He was sent back to Racine on the afternoon train in care of officer Garlick.

Watertown Railroad—Letter from Mr. Mr. Clark to Mr. Freeman.

OFFICE OF THE LA C. & M. R. R. Co.,
Milwaukee, Feb. 27, '58.

D. C. FREEMAN, Esq.—*Dear Sir*:—The trust which you held from the La Crosse & Milwaukee Rail Road Company, of its Watertown Division, was terminated, as you were informed, (as I learn) some time since.

The Watertown Division was sold to the Madison, Fond du Lac & Michigan R. R. Co., on the 24th day of December last, and in that sale the purchasers assumed the claim of D. C. JACKSON, which your lease was given in part to secure, and the other claim of HILL & RUDD, (being the only other claim provided for in your trust,) was assumed by this Company, and the Watertown Division was to be released therefrom.

I learn the claim of Mr. Jackson was fully released, as to all concerned, and the Watertown Division, and yourself and all others to be affected thereby, was with this Company's approbation fully released from the claim of HILL & RUDD, the effect of which, as you are aware, terminated your trust.

I am surprised to find that you are resisting the unquestionable right of possession of the purchasers of said Division.

I learn that the purchasers have gone into possession, which we fully approve, and they are entitled to be sustained in it.

This Company does not desire your aid for their protection.

Your trust having terminated, the immediate adjustment of your accounts with this Company will be required. Yours, &c.,

Weekly Review of our Markets.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, March 1, 1858.

Received by M. & M. R. R., Feb. 27—58 bbls flour, 5,160 bus wheat, 126 do rye, 185 do oats, 155 do corn, 6,540 lbs h'des, 18,660 lbs pork. And the entire receipts by the same road for the whole week, ending Saturday, are, 1,017 bbls flour, 85,146 bus wheat, 2,205 do oats, 257 do barley, 135 do rye, 100 do corn, 690 lbs poultry; 9,144 do butter, 203,748 lbs pork, 11,807 do hides, 9 bbls eggs, 83 doz brooms, and 8 car loads cattle.

Notwithstanding the slight depression which has been reported in Eastern produce markets for the most part during the past week, our market has continued to improve steadily, and business generally has been more brisk than for many weeks past, although prices have not materially changed. Business begins to look up through all parts of the country in a very satisfactory manner, and the opening of navigation, which must certainly be thoroughly resumed in the course of a very few weeks, will no doubt be the signal for a brisk revival in in every branch of trade throughout the West. Although the Eastern markets have fluctuated some of late, yet there can be no reasonable doubt but that the plethora in the money market must, ere long, work an improvement in the produce market. From the money article in the N. Y. *Tribune*, of a late date, we clip the following:

"The money market continues to be abundantly supplied with capital seeking employment, while the inactivity of trade is so great that but little vent can be found for it through paper. The discount houses are doing but little, and favorite signatures can be pressed as low as 5@6 ₩ cent. The current rate, however, is 7 ₩ cent. There has been seldom so small an amount of good paper for sale in the street as at present. On call, the supply of money is in excess of the demand, and the rates range from 5 to 7 ₩ cent. The leading stock houses have considerable amounts on loan at 5 ₩ cent. Appearances indicate that this state of plethora will continue for some time to come, and the probability is that even lower rates of interest will be touched. Under such state of things there can hardly fail to be an active and exciting speculative movement in stocks, which must sooner or later extend to merchandize."

The receipts of every description of produce for the past week have been large, and were greatly increasing with the close of the week. The feeling amongst dealers generally has been lively, and the demand for leading articles rather improved with the increased supply. There was a slight depression in the pork trade in the early part of the week, owing particularly to the fact that the packers had nearly all filled their warehouses, which produced rather a temporary suspension, but towards the latter part of the week the demand improved considerably, and the market closed firm at last week's quotations.—The demand for wheat seems to be improving, and good samples of both winter and spring, find ready sale at our figures. In flour there have been no heavy transactions, and the retail demand has been rather moderate, but a speedy improvement is looked for with the opening of the Spring trade.

In other articles we have no material change to notice. The demand for provisions has been active, and the market firm.

The weather for the past week has been extremely mild and pleasant, but the hasty thaw has left the streets and roads in rather an unpleasant travelling condition. The sleighing in the early part of the week was excellent, and the hay and wood markets on that account were overstocked, and the prices low in consequence.—At the close of the week, however, the demand for hay was a trifle better, and good timothy sold for $10 and $11 per ton. Wood was plenty at $3 ₩ cord for the best.

Our quotations for the week are as follows:

WHEAT—In lively request at 58@60 for No. 1 spring; extra club to mill in good demand at 62@62, and 62½ for choice samples. Good lots of white and red winter are quickly taken at 65@80.

RYE—The supply limited, and little request, quoted at 45@50.

BARLEY—Little doing at 35@50.

CORN—Slow at 30@35c in the ear, and 40c for shelled.

FLOUR—No large transactions. Retail demand moderate at $3@3,25 for spring country brands, and $3,75@4 for winter. Some choice city brands bring $4@4,50 in small lots.

POTATOES—In very moderate demand, best samples are quoted at 37½c.

BUTTER—Heavy; quoted nominally at 11@12 for firkin, and 15@16c for roll.

EGGS—Nominal at 12@13 for fresh.

HIDES—In good supply and fair demand, at 3½@4 for green, and 6@9c for dry.

TIMOTHY SEED—The supply is limited, and the demand active at $1,25@1,50.

DRESSED HOGS—The demand is improving, with increased supply. Heavy hogs readily bring $5,50 to $5,75 ₩ cwt, the latter figure only paid for choice lots. The average price is from $5,25 to $5,50.

POULTRY—Firm and in good supply at 7@10 for chickens and 10a13 for turkeys.

HAY—Plenty at $7@11 for timothy, and $3,50@6 for marsh.

WOOD—Market well supplied at $3 ₩ cord for the best.

CATTLE AND PROVISION MARKET.

Messrs. Layton & Plankinton, of the Bull's Head Cattle Market report dressed hogs in good request at $5,50@5,75 for the best heavy lots. More activity in the cattle market. They report the following sales: 21 head cattle at $2,75, 14 do at $2,62½, 11 do at $3,75, 13 do extra at $3,50. Provisions are firm and prices unchanged.

They quote for small orders:

Mess Pork $15@15,50, Prime Mess $13.

Mess Beef $9@10.

Lard 9½c.

Hams 10c.

Candles 12½c.

Soap 5, 6, 7 and 8c.

THE GROCERY TRADE.

Owing to a slight advance in brown sugar at New Orleans, and a similar movement at St. Louis, the demand has been more brisk during the past week than usual.—Business has been a trifle more active, without change from last week's quotations.

GOODRICH & TERRY, Wholesale Grocers and Commission Merchants, quote: Loaf Sugar double ref'd 12½, crushed do do 12½; clarified C 8½, Powdered Sugar, double refined 12½; clarified X 8½, refined white C 10½, do yellow A 9½, do do B 9, New Orleans sugars 6½@9; Golden Surup, in bbls, 70c, do in 10 gallon keg 80c.

THE LIQUOR TRADE.

The Liquor trade has not been active during the past winter. It is improving, however, toward the approach of spring. Messrs. E. D. Baker & Co. quote:

Whisky at $2,25 ₩ gallon; Champagne—Heidsick & Co., $16 for qts, $17 for pts, Eugene Clicquot $16@17; Hostetter's Bitters per case $7,50; Wolfe's Shnapps $6.

OILS, BURNING FLUID, &c.

Messrs. Bosworth & Sons, wholesale Druggists, quote: Linseed Oil 75c by the barrel; Lard Oil $1 do do; Bleached Winter Whale 95c do do; Alcohol 45c do do; Camphene 75c do do; Spts. Turpentine 70c do do; Burning Fluid 50c do do.

THE LUMBER TRADE.

The Lumber Trade has not been active during the winter. Our yards are all well supplied, and with a dull market prices have fluctuated considerably. As Spring approaches, however, there is a fair prospect of improving business.

We are indebted to Messrs. LUDINGTON & Co., for the following list of present Retail Prices for Lumber:—Clear plank $40,00, do board 35,00, second plank 30,00, do board 25,00, third board 20,00, clear siding 20,00, second do 17,00, common do 13,00, clear dressed flooring 25,00, common do 22,00, third quality 16,00, common board 13,00, joist and scantling 13,00, fence boards 13,00, do 12 ft 11, warranted shingles 3,50, lath M ft 5,00.

COMPARATIVE PRICES.

The prices of leading articles, compared with those of last year, are as follows:

	March 1st, 1858.	March 1st, 1857.
Wheat, club	60@ 62	93@ 96
do winter	65@ 80	$1,00@1,12½
Rye	45@ 50	70@ 72
Barley	35@ 50	$1,30@1,50
Oats	20@ 27	40@ 42
Corn	35@ 40	50@ 52
Pork	$5,50@5,75	$9,00@9,50

The falling off since last year, it will be seen, has been large in all the leading articles.

MONEY MARKET.

BANKING AND EXCHANGE OFFICE OF BRIDGE BROTHERS,
166 EAST WATER ST., MIL. Feb. 27, '58.

During the past week a renewed activity in the money market, as well as in business generally, has been quite apparent in our city as well as throughout the whole country. Money still flows in quite freely, but the poor character of securities, combined with dislike to the rate of interest, renders it almost impossible for borrowers to obtain loans. That there is a strong feeling of confidence restored to a great extent in all classes of business, is evident from the fact that while the East is plethoric with money on call, the Bank of England has reduced its rate of interest to 3½ ₩ cent, and outside banks have even placed it much lower. Late accounts from the East show a strong disposition to place money in the leading securities of the day, which naturally tends to a corresponding rise in prominent stocks. There is, in our opinion, but little confidence to be placed in such movements in the market. When capital, which has now been drawn from the legitimate branches of trade, shall again be restored to the same, then, we may look for a settled and permanent basis for some time to come. The New York Stock Board, and the operations daily conducted there have done more to misplace confidence, and impoverish many of the middle classes than any other one cause to be mentioned. Speculation has run wild, and one lesson to be learned from our late disastrous season is, to be careful hereafter and place money where, at least if not available on the instant, it will be safe and not depreciate. We should advise the purchase of good real estate, or the loaning of money on such security, looking carefully to the margin, and being sure of the title. So many stock companies are badly managed and even fraudulently conducted, that the danger of investing in bonds and stocks by persons of small means, cannot be over estimated.

Uncurrent money does not show itself to any great extent. We shall, on Tuesday, give a revised list of prices.

Land Warrants are in no demand at present. We consequently give no prices, as they are merely nominal. We are always, however, ready to buy and sell, at the best market rates.

Exchange still holds its place at former prices, selling 3 ₩ cent.

Gold selling at 2½ ₩ cent.

There is no great demand for either of the above.

We annex our usual specie list.

Important from Washington.

WASHINGTON, Feb. 27.

The President to-day in response to a resolution of the House calling for information to show to what extent Utah is in rebellion, communicated voluminous documents in reference thereto. The substance of the most important part of which has already been published.

A letter from the head quarters of the army informs General Harney that so well is the nature of the service appreciated, and so deeply are the honor and interest of the United States involved in its success, that the government will hesitate at no expense to complete the efficiency of the Utah army, and insure health and comfort to it as far as attainable. He is told the prudence expected of you, requires you to anticipate a resistance general and organized, and to shape your movements as if it were certain of keeping the troops massed in hand when approaching expected resistance.

In a letter to Col. Johnson, dated Jan. 23d, General Scott heartily approves of the former's conduct, and unites his sympathy for the difficulties he (Johnson) so manfully conquered; also tendering an expression of his high appreciation of the noble energy, patience and spirit displayed by the officers and men, adding that in this the war department concurs.

In another letter, addressed to Col. Johnson during the present month, General Scott says that he will go to the Pacific coast, if any expedition against or towards Utah, will be dispatched on that side.

WASHINGTON, Feb. 26.

Horace Greeley was examined this morning before the Tariff Investigation Committee. All the members were present. The examination was concluded in forty minutes, when Mr. Greeley was informed that the committee would not require his further attendance. He expressed his high appreciation of the candor and courtesy of the committee, and thanked them for calling him before them. He says that they asked him no question which he did not deem proper, and which he was not glad of an opportunity to answer. The purport of his testimony is understood to be that no man ever proposed to put any money into his hands to influence in any way the action of Congress on the Tariff, or any other question, and no one suggested anything of the sort with his consent or knowledge. He never knew till the late expose in Boston, nor never heard or believed that money was promised by Lawrence, Stone and Co., or any one else, whether to members or others, to influence the last Congress on the tariff question.

A gentleman of position among the free state democrats of Kansas, who is now in this city on matters connected with the political fortunes of that Territory, states positively that Gov. Walker has not receded a single point from his recent position in reference to Kansas affairs.

Later from California.

NEW YORK, Feb. 27.

ST. LOUIS, Feb. 27.

Arrest of a Gang of Counterfeiters.

LAFAYETTE, Ind., Feb. 26.

U. S. Marshal Seely made a descent on a gang of counterfeiters this noon, and arrested some 10 or 12 persons, upon whom were found a large number of bogus half and quarter dollars.

Opening of the African Slave Trade.

NEW ORLEANS, Feb. 26.

An editorial article in the *Delta* asserts that the South has already opened the African Slave Trade, and that the regular depot is in Mississippi, on Pearl River. Cargoes have already been received, sold and are at work. The *Delta* says vessels generally use the French flag, because British cruisers do not trouble it.

MILWAUKEE:

MONDAY MORNING, MARCH 1.

A Special Edict—Hear and Obey!

The Washington *Union* is the great central organ of the "National Democracy," and the recognized exponent of the Federal Administration. Its official relations to the Party and the President, therefore, invest its utterances with a degree of importance to which they are not intrinsically entitled. It is in view of these facts that special significance attaches to the following paragraph in the *Union* of the 19th instant:

> "We do not presume to sit in judgment upon the motives of those Democrats who have seen proper to oppose Mr. Buchanan's Kansas policy, nor do we arrogate to ourselves the right to read them out of the party because of such opposition. We, however, do not hesitate to declare that the admission of Kansas into the Union under the Lecompton Constitution *is now the recognized and well defined policy of the Democratic party*; that it is so considered by a very large majority of that party, both in and out of Congress; and that, whether it be made a test of party fealty or not, those Democrats who oppose it are warring upon a vital measure of their party, and to that extent, at least, *must and will be regarded and dealt with as aliens and enemies*."

This is sufficiently explicit. The *Union*, emboldened by the confidence of success, no longer minces matters. It has stopped using fair words and betaken itself to throwing stones. All "Democrats," who refuse, or hesitate to take the Lecompton test oath, are plainly told that henceforth, "THEY WILL BE REGARDED AND DEALT WITH AS ALIENS AND ENEMIES!"

Do the Democracy of Wisconsin appreciate the full force and effect of this Imperial decree? Do they recognize the right of President BUCHANAN and his backers to set up a measure of very questionable policy as a standard of political faith and principle, and to require of all men, professing Democracy, that they shall conform to this arbitrary standard, on pain of instant excommunication from the Democratic Church? Are they ready to stifle conscience, surrender judgment and abandon principle, at the bidding of party leaders, and to make themselves accessories to the great crime of forcing upon the Free People of Kansas a Pro-Slavery Constitution, against their earnest, repeated and almost unanimous protest? Can they so far forget the faith in which they were reared, the principles which they have always professed, the pledges which they have so recently given, as thus to trample under foot "Popular Sovereignty," to set at defiance the voice of the ballot-box, and to make the whim of the President superior to the will of the People? Is the tie of party so strong, their allegiance to the Administration so binding, that no crime, however monstrous, against Right, Liberty and Humanity, can justify them in repudiating the Party and the President who exact such abject services, such degrading sacrifices at their hands? We cannot, for one, believe that the Democrats of Wisconsin will yield their self-respect, their settled convictions, their right of independent judgment, and their freedom of thought, speech and action, in obedience to this insolent mandate from the organ of the National Administration. Rather do we think, that, since the alternative is thus forced upon them, they will choose to be accounted "*aliens and enemies*" to the Administration, rather than foes and traitors to Democracy, Justice and Freedom.

POKING FUN AT THE CITY ATTORNEY.—The *News* allows an anonymous correspondent to interpose a lame plea for the City Attorney, in reply to a paragraph in the *Sentinel* of Thursday last, rapping that illustrious functionary over the knuckles for his peculiar mode of administering justice. But editorially the *News*, while affecting to deprecate our article as "gratuitous, not to say malicious," indulges in this irreverent sneer at that under-paid and over-worked officer:

> The article which offends him, was, we suppose, dictated by political prejudice—a fact, which, in view of Gen. Foote's *prodigious* services in behalf of the city, will be duly weighed by the public.

That is the "unkindest cut of all." The *Sentinel* has never exhibited half the malice towards our "pro-di-gious" City Attorney, that is concentrated in the above six lines. We have, indeed intimated that he was "prodigiously" well paid, but we never said, or suspected that the city was "prodigiously" well served. If, as the *News* advises, the services be "duly weighed by the public" against the pay, we greatly fear that the former will kick the beam. We protest against any such scaley measure of gratitude towards a "prodigious" public officer.

☞ Dr. Peugnet informs us that the young man who was so dangerously burned week before last, at the match factory, is getting along finely, and is entirely out of danger. Dr. P., who has attended him from the first, has merited and received great praise for the skill which he has exhibited in this case.—*Oshkosh Democrat.*

We are glad to hear this good report of our young friend, Dr. Peugnet. Though his professional career has been, as yet, comparatively limited, he has enjoyed excellent facilities for the study and practice of medicine, and his zeal, intelligence and devotion to his profession cannot fail to win success.

WATER WITCH NO. 2 OF JANESVILLE.—This crack Company give their third Annual Festival on Thursday, the 18th of this month. They are making arrangements to have it eclipse everything of the kind yet attempted. We are under obligations to the Committee for an invitation and shall assuredly endeavor to be present. The invitation cards, by the way, are most tastefully printed. They bear the imprint of the *Gazette* office.

NEW POSTAGE REGULATION.—It is announced by the Postmaster General that the British rate of postage upon letters dispatched from or brought to any part of the United Kingdom by a private ship, whether steamer or sailing vessel has been reduced to a uniform rate of 6 pence (12 cents) the half ounce. All letters, therefore mailed in the United States, and transmitted to Great Britain for conveyance thence by private ship to any British colony or foreign country beyond sea must be prepaid 38 cents, the single rate of half ounce or under.

NORTHERN WISCONSIN MUSICAL ASSOCIATION.—This body, at its late session in Horicon, resolved to hold their next session at Ripon, on the 2d Tuesday in October next. Prof. Myron Hawley, of Fox Lake, was chosen Conductor for that occasion; James O. Pierce, Secretary, and Vining E. White, President.

A NEW INVENTION.—Mr. Samuel Nowlan, an engineer of New York has invented what he terms an air raft, which he says can be so adjusted to vessels in a few seconds as to prevent their foundering at sea under almost any circumstances. He also states, that it can be applied to ships while on fire, so as effectually to extinguish the flames.

TEAM DROWNED.—The Horicon *Argus* says, one day last week, as Mr. E. Loomis, of Hustisford, was crossing the river on the ice, his sleigh, loaded with turned stuff for cabinet work, all of a sudden broke through. He had barely time to save his own life, and that with the loss of a valuable team, sleigh and all its contents, which disappeared instantly.

STATE TEMPERANCE CONVENTION.

A Mass Convention of the friends of Temperance in Wisconsin, will be holden in Madison on Wednesday, the 31st of March next to organize a State Society, and devise ways and means for the general promotion of the cause.

While many and important questions are claiming the attention of our State and National Legislatures, there is one of more magnitude than all, persistently overlooked or entirely ignored. Though pregnant with weal or wo to our land and people, the statesman does not entertain it; the politican dare not touch it. And though lodged deeply in the popular heart, and moving large masses by one common impulse, it finds no place in our annual messages. Interests, moral, political and financial, are earnestly commended to the prayerful consideration of the Legislature, while one that underlays them all, is passed silently by. Its enemies see but fanaticism in its advocacy, no justice in its measures, no grandeur in its purpose.

People of Wisconsin!! In behalf of our cause and of the injured ones who are ever praying for its success, we solemnly and earnestly appeal to you in relation to the present deeds and aspects of the TEMPERANCE REFORM in our midst. We believe that a very large majority of the people of this State, are friends of the cause, and would be glad to see it urged to a successful termination. But without united and systematic effort on their part, this great result can never be secured. It is only by a thorough organization that our strength can be brought to bear. To effect this organization, we need to have earnest counsel together—to meet at some point more easy of access, and perfect a plan of operations. There is now no concert of action, and that mighty element of power upon which we rely in the day of conflict for success, is scattered and inefficient.

To the friends of our cause, we should not appeal in vain. We have common interests at stake. We have slumbered too long; slumbered while a powerful and sleepless evil has been gaining new strength, and adding fresh atrocities to its crimes. Intemperance is gaining in our midst. The innocent and defenceless ones are sorrowing in the dark places where the scourge has burned its blasting way, and with uplifted hands, appeal to those who have earnest words to give or honest suffrages to cast. From broken homes, prisons, and freshly sodded graves, there are voices crying to us to stay the Plague.

Then let us go to Madison on Wednesday, the 31st of March next, and perfect our plans, and harness for the conflict. Let us meet face to face and marshal for a war of extermination against the rum traffic. For our love of man and fear of God, let us give time and means to the work, and by word and deed, struggle to smite with avenging scathe, the parent curse of our land.—We can all meet upon this common platform.—Let us, and under God we can inaugurate a plan of action which shall kindle a new fire in all hearts, and throughout the entire State give promise of a glorious triumph in the struggle to come. Let us to the work, then, and God will prosper the Right.

"The King can do no Wrong."

The *News* seems disposed to revive this Tory maxim for the benefit of our Republican President. It occupies a column, in Saturday's issue, in calling upon the People in general and Democrats in particular, to "stand by the President," because he is the President; and it taxes with gross disloyalty and "pestilent" democracy all who have had the temerity to speak evil of that and other dignities. We cannot follow the *News* through the long rigmarole of which the ever-recurring burden is, "stand by the President," but content ourselves with the following sample of its unquestioning loyalty and fulsome lip-service:

> To our minds, there is a myriad of encouragements, to the honest Democrat and good citizen, for adhering closely to the President. We know of no inducement to abandon him. Do you question the wisdom of his Kansas policy? Many, likewise, doubted the propriety of some of the acts of Jefferson's Administration. Hosts of men were found to denounce Jackson's bold assault on the United States Bank. We read that in history, and we read another fact there; *the men who for any cause, left those two Presidents, sank suddenly and forever—political nothings.* The President must and will be sustained. We call upon the Wisconsin Democracy to stand by James Buchanan.

The *News* may "call" and loudly too, but will the Wisconsin Democracy come when it calls for them, and worship the same golden calf before which the *News* bows in adoration? We trow not, even at the hazard of being proclaimed by the *News* "political nothings." The Democrats of Wisconsin will, no doubt, "stand by the President," when they think that he is right; but they will *not* "stand by," when it is a question of siding and abetting such an outrage as the Lecompton Villainy.

Lecompton in the Senate.

The loyal *News* publishes, at length, the Report of Senator GREEN, of Missouri, from the majority of the Committee on Territories, in favor of imposing the Lecompton yoke upon the People of Kansas. The *News* is delighted with this document, and thinks that it is worthy to rank with the President's "admirable special message; with Senator Toombs' speech and Gen. Calhoun's statement." We agree with the *News* as to the propriety of this collocation. A more one-sided, illogical, untrue and undignified document was never presented to the Senate, than this same report by Senator GREEN. And in all these particulars it is a suitable companion piece for the President's pettifogging Message, Senator Toombs' Pro-Slavery harangue, and Gen. Calhoun's white-washing statement.

HOW TO INCREASE A STATE LIBRARY.—The Trustees of the New York State Library, as we learn from the Albany *Journal*, have suggested to the Legislature of that State the propriety of applying to Congress for the passage of a law which shall require authors who obtain a copyright of their works, to deposit a copy in the library of the State in which the Clerk's office is, in which such copyright was entered. This would add largely every year to the number of books, and by giving a place in the library to all new works would be beneficial to the authors as well as to the public. The greater part of all the books published in the Union, are copyrighted in the Northern and Southern districts of New York.

KANSAS OFFICIALS IN WASHINGTON.—There are sixteen government officials of Kansas in Washington, among them the Surveyor-General, the District Attorney and the District Judge.—Their pay is not discontinued, and Senator Wilson has asked, by resolution, to learn from the President what they are absent from their posts for. The motion passed, but some watchful friend of the President saw that the question might prove a troublesome one, and procured a motion for a re-consideration.

☞ The Editor of the Providence *Journal* has seen a private letter from Mr. Dallas, the American Minister in London, of which the following is an extract:

> "Mr. William Beach Lawrence's edition of "Wheaton's International Law," with that admirable biographical sketch which precedes the text, has been formally adopted by the University at Cambridge, (England,) as the very best work of the kind extant, and as a manual for tuition by the Professor of Legal Science."

WHEAT AT WAUPUN.—The Horicon *Argus* learns from a wheat buyer at Waupun that there are upwards of 50,000 bushels of wheat in the hands of farmers in that vicinity, awaiting better prices.

FIRE AT OSHKOSH.—A fire broke out on Wednesday evening last, in a building on Cape st occupied as a dwelling house and vinegar factory. At first the flames threatened to spread to the adjoining buildings, but the prompt action of the fire company soon placed them out of danger.—Loss small.—*Oshkosh Democrat.*

Notice for the Restoration of Certain Lands to Market in the State of Wisconsin.

THE grant of land to Wisconsin by the act of Congress, approved June 3d, 1856, has been so far adjusted as to authorize the release from withdrawal of the vacant *offered* lands outside of the six miles limits of the following routes for railroads, viz:

First. The railroad route from "Madison or Columbus, by the way of Portage City, to the St. Croix river, or lake, between townships twenty-five and thirty-one," and,

Second. Of the road from "Fond du Lac, on Lake Winnebago, notherly, to the State line."

A withdrawal of certain lands was also ordered June 12, 1856, along the other proposed routes mentioned in said act, viz: from "St. Croix river, or lake, to the west end of Lake Superior and to Bayfield," so as to afford time for the surveys and selections for said roads, but no survey having been reported of the same to the Department of the Interior, although more than a year and a half have elapsed since said withdrawal.

Notice is therefore hereby given that all the vacant offered lands heretofore withdrawn from sale or entry along the routes of said located railroads which lie outside of *six miles* on each side of the said roads, situated in the undermentioned townships, which have not been selected in virtue of said grant, or any other grant made by Congress, or legally claimed by preemption, and which were subject to private entry at the date of withdrawal, will be restored to private entry on the days and at the places hereinafter specified, at the ordinary minimum of one dollar and twenty-five cents per acre. And all the *offered* townships as hereinafter described which had been withdraw from sale on account of the proposed roads, not yet located mentioned in the foregoing, will be restored at the times hereinafter designated; with the express *proviso*, that the railroad grant by said act of 3d June, 1856, will attach to such of the *odd-numbered* sections as may be selected under said act within the six miles limits of such parts of the said roads as may be actually surveyed and staked off before the day hereinafter fixed for the restoration of said lands.

The above official notice appears in the *News* of Saturday, and following it is a list of the "official townships." The Land Offices at Menasha, Mineral Point Stevens Point, La Crosse, Hudson and Eau Claire, will be opened, for the purposes above named, on the 5th day of April next, and the Land Office at Superior on the 3rd day of May next.

THE FREEMAN'S JOURNAL ON LECOMPTON.—The Freeman's Journal, the leading Roman Catholic organ in this country, is earnest and able in its protests against the Lecompton iniquity. We quote from its last issue:

> 'It is not our object to expose all the mistakes of the President's lengthy message. The self-respect of freemen requires, however, that they resist the atteempts of Executive power to hide truth, or to subvert justice. 'The King can do no wrong' is a holy maxim of 'ancient liberty.'—Its meaning is not, as sycophants have urged, that whatever the chief executive of a nation or a party insists on, shall pass for right; but what freeman will not permit their ruler, be he called King, or Governor, or President, to use the prestige and power of his office to violate right. Before Kansas is done with the people of the United States will have taught their rulers and their representatives this solemn lesson.
>
> * * * * * * * * *
>
> These are a few of the errors into which the false road of expediency has led the Federal Executive. 'We are tired of Kansas' Yes, we are tired of Kansas; but on this new issue we are, in the question of Kansas, fighting for our own heartstones and for our altars. When the liberties of a people are assailed, and despotism streches out its horid claws, the air is full of voices, crying 'we are tired of municipal corruption,' 'we are tired of political agitation,' 'public affairs take up too much of our time.' Then a people take to silks, and ribbons, and gewgaws; they go to hear fiddlers and opera-singers; they eat, and play, and hunt for sudden fortunes; and so they lose the independence of soul and the love of freedom that made their forefathers heroes.—Our country is too young for this. The whirlwind is beginning. Wait a little and you will feel the earthquake. After that the air will be purer for a while!'

ANOTHER GERMAN REPUBLICAN PAPER.—The Winnebago *Watchman*, is the name of a German Republican paper, just started at Oshkosh, by COLHAM Brothers, and edited by HENRY CORDIER. The following extract, from the editor's salutary, which we find in the Oshkosh *Democrat*, is a good sample of his style and an epitome of his political principles:

> "In unfolding, therefore, the Republican banner as the symbol of our political faith, it shall henceforth be our untiring endeavor to proclaim and defend the principles of this party, to the best of our knowledge and ability, so long as it retains the principles of true humanity and unlimited freedom.
>
> "We recognize the truth laid down in the Declaration of Independence, "that all men are born free and equal," as the fundamental principle of our government. And we therefore protest against all favors and preferences founded upon color, race, nationality, or accidental birth of men. We hold that every one is entitled to enjoy the blessings of liberty in all its entireity. We recognize free soil and free labor as the corner stone of our welfare and the source of our happiness. We consider it, therefore, our holy duty to deliver the free territories of the West, unstained by the curse of slavery, to coming generations as their inalienable inheritance."

The *Watchman* is the *sixth* German Republican paper published in our State. We are gratified to know that the Republican cause is steadily gaining ground among our German population, and that we can now number thousands of German Republicans, when two years ago we could only count hundreds.

Supreme Court.

FRIDAY, Feb. 26.

Daniel Baxter admitted as an Attorney on favorable report of the committee.

The State of Wisconsin ex rel. Hugh McIndoe vs. David W. Jones, Charles Kuehn and William R. Smith, School Land Commissioners. Motion by Orton, Hopkins and Firmin for a peremptory mandamus. Motion argued by Messrs. Orton & Hopkins for Relator, and by the Attorney General for Commissioners.

The State of Wisconsin ex. rel. William B. Jarvis vs. Alexander L. Collins, Judge of the Ninth Judicial Circuit. Argued on demurrer to answer by Knapp for Relator.

Melancthon Burr et al. Respondents vs. Abram Cohen impl'd, &c., Appellant. Argument resumed.—*Madison Journal.*

SETTLED.—The affair of honor at Philadelphia is amicably settled. The frightened duelist has returned from New York, finding that his antagonist was not killed, and himself simply "sold."

STRAWBERRIES.—The editor of the Charleston *Courier* was presented with a mess of fine ripe strawberries on Thursday last, grown in the open air, near that city.

FIRES IN NEW YORK CITY.—From the annual report of the Chief Engineer of the New York Fire Department, it appears that the losses by fires in that city during the year 1856 was $632,080, and during 1857 $428,266—being a decrease in the past year of $203,784.

MADISON CHARTER ELECTION.—The Republicans of Madison have made the following excellent nominations for the Charter Election which takes place to-day:

For Mayor—CHAUNCY ABBOTT.
For Treasurer—WM. A. ERNST.
For Police Justice—A. B. BRALEY.

HON. WILLIAM H. SEWARD.—In our outside columns will be found the eloquent eulogy pronounced by Senator Seward upon the late Senator Rusk. In its graceful rhetoric and expressive earnestness, we have seen none that will compare with it. New York has much reason to be proud of her able representative in the U. S. Senate. Entering Congress with a reputation created by the rancorous hostility of his enemies, which at once brought upon him the bitter attacks of his political opponents, yet by his undeviating courtesy, his enlarged statesmanship, and his consistency, and moderation, he has outlived and repelled all his slanders, and stands, now, by the acknowledgment of all unprejudiced men, at the head of the Senate and the ablest man in the country. No breath of suspicion stains the unsullied purity of his Senatorial career. He has won the respect and esteem of the bitterest adversaries of his opinions. Such men as Douglas, Toombs, and Mason, are among the sincerest of his personal friends. This result speaks more than a volume of eulogy for his consistency and private worth.—*Yonkers Examiner.*

☞ Gov. Randall is sweeping things with his new broom. He is just now, engaged in "scooping out" the gamblers about town—all of whom have had notice to quit, through the sheriff, backed by the Governor.—*Madison Correspondence of the Green Bay Advocate.*

One of the charges persistently made against Gov. R. during the last campaign, was that of gambling. Madison was never so clear of "tigers" as since his inauguration as Governor.—*Madison Journal.*

OUR RAILROAD AGAIN.—We congratulate the owners of property along the line of the "Patten survey" upon the final selection of that route by the new board of Direction. All parties seem rejoiced that the voted question has at length been disposed of, and that the long talked of location is at length a reality.

It will give a new stimulus to enterprise along the route, and capitalists will push forward their improvements with every reasonable assurance of abundant and speedy return for their labor. Among the points most benefitted by this decision of the company, is the town of Gordon—situated upon Yellow River at its junction with the St. Croix. It has an excellent and unfailing water power which the proprietors have improved by the erection of a substantial dam and mill with powerful machinery at a cost to the company of about fifteen thousand dollars. It is nearly intermediate between the termini of the Railroad, surrounded by a fine agricultural country, and in the intermediate vicinity of the exhaustless pineries of the Yellow River. Its future growth into a prosperous and populous community will be rapid and inevitable. Agriculture will receive a new impetus from this action of the company; and emigrants will settle upon and improve the fertile lands adjacent to the line.

The location will also encourage the development of our mineral resources, penetrating as it does into the very heart of our mineral district. The resumption of labor at the mines heretofore worked, the opening of new ones, and the improvement of the water power at Black River Falls, will be among the benefits of this important decision.—*Superior Chronicle.*

CURIOUS HISTORICAL FACT.—The wife of the celebrated Lord Clarendon, the author of the history of the Rebellion, was a Welsh pot girl, who, being extremely poor in her own country, journeyed to London to better her fortune, and became servant to a brewer. While she was in this humble capacity, the wife of her master died, and happening to fix his affections on her, she became his wife. Himself dying soon after, left her heir to his property, which is said to have amounted to between £20,000 and £30,000. Amongst those who frequented the tap at the brewery was a Mr. Hyde, then a poor barrister, who conceived the project of forming a matrimonial alliance with her. He succeeded, and soon led the brewer's widow to the altar. Mr. Hyde being endowed with great talent, and now at the command of a large fortune, quickly rose in his profession, becoming head of the Chancery Bench, and was afterwards the Hyde, Earl of Clarendon. The eldest daughter, the offspring of this union, won the heart of James, Duke of York, and was married to him. Charles II, sent immediately for his brother, and having first plied him with some very sharp raillery on the subject, finished by saying: "James, as you have brewn, so you must drink," and forthwith commanded that the marriage, should be legally ratified and promulgated. Upon the death of Charles, James II. mounted the throne, but a premature death frustrated this enviable consummation in the person of his amiable duchess. Her daughters, however, were Mary, the wife of William II. and Queen Anne, both grandchildren of the *ci-devant* pot girl from Wales, and wearing in succession the crown of England.

DYSPEPSIA AND FITS.
DR. TRACY DELORME, the great curer of Consumption, was for several years so badly afflicted by Dyspepsia, that for a part of the time he was confined to his bed. He was eventually cured by a prescription furnished him by a young clairvoyant girl. This prescription, given by a mere child while in a state of trance, has cured everybody who has taken it, never having failed once. It is equally as sure in cases of Fits as of Dyspepsia. The ingredients may be found in any drug store. I will send this valuable prescription to any person on the receipt of one stamp to pay postage.

A RETIRED PHYSICIAN,
75 YEARS OF AGE,
WHOSE SANDS OF LIFE have nearly run out, discovered while in the East Indies, a certain cure for Consumption, Asthma, Bronchitis, Coughs, Colds and General Debility. The remedy was discovered by him when his only child, a daughter, was given up to die. He had heard much of the wonderful restorative and healing qualities of preparations made from the East India Hemp, and the thought occurred to him that he might make a remedy for his child. He studied hard and succeeded in realizing his wishes. His child was cured, and is now alive and well. He has since administered the wonderful remedy to thousands of sufferers in all parts of the world, and he has never failed in making them completely healthy and happy. Wishing to do as much good as possible, he will send to such of his afflicted fellow beings as request it, this recipe, with full and explicit directions for making it up, and successfully using it. He requires each applicant to inclose him one shilling, three cents to be returned as postage on the recipe, and the remainder to be applied to the payment of this advertisement.

NEW GAME.—*Godey's Lady's Book* has the last new "social game." Here it is:

A small piece of stick is lighted at one end, and the blaze is blown out, leaving the sparks. It is then passed from one of the company to the next on his right hand, and so round the circle, each one saying, as he hands it to his neighbor, "Jack's Alive." The player who holds the stick, when the last spark dies out, must consent to have a delicate moustache painted on his face with the charred end of the stick, which is then relighted, when the game goes on. Should the wearer of the moustache have Jack die a second time on his hands, an imperial, whiskers, or exaggerated eyebrows may be added to his charms. While Jack is in a lively condition, with his sparks in fine brilliant order, he is passed carelessly from one player to another; but when he shows symptoms of dying, it is amusing to see how rapidly he changes hands, for each player is bound to receive him as soon as his neighbor pronounces "Jack's Alive." In case the moustache decorations are objected to, a forfeit may be paid instead, by those who hold "Jack dead."

GRAND RAPIDS PLASTER—RATES &c.—The Plaster Dealers of Grand Rapids held a meeting on the 9th inst, at which some important business was transacted.

They resolved that hereafter the price of plaster delivered in Chicago and Milwaukee shall be $1.60 per barrel; the price of stucco delivered in these cities and Detroit shall be $2.25 for common and $3 for extra; the price of plaster in barrels at Grand Rapids to be shipped to Kalamazoo or any other R. R. Depot shall be 96 cts. per barrel in lots of 50 barrels and upwards, and in bulk $3 75 per ton, in lots of 50 tons and upwards, parties purchasing their own bags, and transportation added to the above prices. No plaster is to be sold in stone to be ground elsewhere.

The retail price, in bulk, is fixed at $4 per ton of 2000 lbs. In barrels in good order $1 per bbl. From these prices there shall be no variation, either in town or at the Mills. The prices of common stucco shall be $2.60, and of Extra $4.00 per barrel.

A GRANDSON OF WILLIAM PENN.—The Philadelphia *North American* says:

The European steamer of to-day takes from our shores the great grandson of the distinguished founder of Pensylvania, Granville John Penn, Esq., sails in the Arabia, after his second visit to America of about a year. He carries with him the esteem of a large circle of friends in Philadelphia and other portions of the State. Where best known, Mr. Penn was greatly beloved for his undeviating propriety and his polished deportment, no less than for his modest demeanor. He was an ornament, indeed, to every society in which he mingled.

The gentleman is almost the last of the family bearing the venerated name of Penn. He has never married, and his only remaining brother, Thomas, is, and has long been, in ill health, so that it may be anticipated that the name so nobly worn by the great admiral, and by our great founder and the apostle of religious freedom, is destined to become only historically known.

Hamilton City Town and Land Company.

A. B. PAUL, one of the proprietors, is now in his city for the purpose of securing machinery for mills, &c. All persons contemplating moving West early in the coming season, are cordially invited to call and examine our plans, maps, &c., at the American House. A good opportunity is also offered to mechanics and tradesmen of all kinds, to secure—"even with limited means"—good homes in one of the richest valleys of the Northwest.

See pamphlet containing sketch, &c., of country adjacent, and plan of the proprietors in building up an important point on the Sioux River, Iowa. We want actual settlers. Call and see us and talk the matter over. dec230dtf

For the Afflicted Everywhere.

MONTGOMERY, May 11, 1857.

I do hereby certify that I have been using Professor C. De Grath's Electric Oil, 39 South Eighth street, Philadelphia, for Spinal Affection, a disease of twenty-two years standing, with greater relief than from any of the thousand applications I have ever made use of. I say this with more confidence of its virtue in this particular disease, since having heard another case in our city, of four years standing, which was instantaneously relieved by application of De Grath's Electric Oil. I write this for the benefit of those unfortunate persons everywhere who may be suffering from this disease, and as a debt I owe Prof. C. DeGrath for having found out such a discovery. You that have not got it, write for it—get it by all means, if you wish to get relief. It may be necessary to say that I have no interest in the selling of De Grath's Electric Oil, and that the Professor is a stranger to me but that I shall always remember him with gratitude.

GRAIN CLEANER & SEPARATOR
HORTON'S PATENT.
G. B. BINGHAM & BRO.,
Sole Manufacturers in Wisconsin,

THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, not liable to get out of repair, requires but little power to run it, and the scouring cylinder so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine, at the Bay State Foundry, Florida st., Milwaukee, Wis.

Private and Confidential Medical Advice.

AT THE MILWAUKEE Venerian Hospital, established for the cure of Syphilis, Seminal Weakness, and the infirmities of youth and maturity, by Dr. Barnes.

Dr. BARNES takes pleasure in announcing to the citizens of Milwaukee and other places, that his office is at No. 19 Wisconsin Street.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases, their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.

YEARS OF PRACTICE, exclusively devoted to the treatment and study of Syphilis, Gonorrhoea, Gleet, Strictures, effect of solitary habits, ulcers upon the body, throat, nose or legs, pain in the head or bones, and all Mercurial Affections, and all impurities of the Blood, whereby the constitution has become enfeebled, enables the Doctor to offer relief to all who may place themselves under his care.

Dr. B., makes no charge for short consultations.—Those requiring much advice should enclose a small fee sufficient to compensate for the time required to write the answer.

SANFORD'S LIVER INVIGORATOR!

ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, namely DR. SANFORD'S INVIGORATOR, or LIVER REMEDY that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject the morbid matter, then on the stomach and bowels, to carry off the matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in moderate doses will strengthen and build it up with unusual rapidity.

DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz: Gums.

Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.

Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in their prescriptions until used in the form of the *Invigorator*, which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has rarely ever failed to cure Liver Complaints in their worst forms.

INDIGESTION being caused by a deranged Liver is cured when the Liver is excited to action.

JAUNDICE is caused by the improper action of the Liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color.

COSTIVENESS can be permanently cured by the Invigorator. Take it in small doses on retiring, and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.

SICKHEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stomach.

For an overloaded stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a *family medicine* generally, all who use it speak in the highest terms.

DR. SANFORD'S INVIGORATOR came to us recommended to us a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if *Liver Complaint* or *Dyspepsia* trouble you, do not fail to try this the greatest remedy in the world.—*State Fact.*

We take infinite pleasure in recommending this medicine as a preventative for FEVER and AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

There has never been tried in our family a remedy which has met with such unbounded success in the cure of diseases incident to children, as DR. SANFORD'S INVIGORATOR; nor is it alone for diseases of children that we use it; for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thoroughly, that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—*Jacksonville, Ala. Republican.*

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three to five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of
CANKER
it extends to the stomach, ensuing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonous fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.
